

Jerez de la Frontera 4 days (three nights)

## **JEREZ –XÉRÈS- SHERRY.**

The eldest Denomination of Origin in Spain

### **The Sherry Triangle**

Jerez de la Frontera is the largest city in the area and capital of the wine region to which it lends its name. Located upon one of many hills which dominate a wide open landscape of albariza soil, mid-way between the nearby mountains of the sierra and the shining white towns and villages of the coast, Jerez is forceful and dynamic, a place where sherry wines share the stage with other age-old symbols of the city, such as flamenco and horse breeding.

A modern city of around 200,000 inhabitants but one which is well aware and proud of its past heritage in which the wine-growing industry has had an essential role to play, helping to mould both the cultural and architectural characteristics of the city itself.
